9 February, 2018

Dear Citizens of Heaven,

Christian greetings to you in the Name of our precious Lord and Saviour, Jesus Christ! **Let this mind be in you which was also in Christ Jesus. Philippians 2:5**

Thank you for your prayers as I brought my dear mother back to Carriacou. My mother contracted bronchitis while in the USA for the funeral of her sister but, praise the Lord, she is feeling much better and continues to improve. It was the Lord's perfect timing for me to come because of troubles that had just come up with both the AM transmitter and main generator. We praise the Lord for giving us a faithful group of local believers who have a burden to carry on the work even while we are away. Thank you for faithfully praying for them.

My main objectives were to get the AM transmitter back to full power and to get our main generator back on line. Praise the Lord, both of those objectives were met! Parts for the transmitter were ordered before I went to Carriacou, but had not arrived in time for me to take with me. The main part I needed had to be manufactured so when they finally sent off the package, the promised date of arrival in Carriacou was the 12th – 3 days after my scheduled return trip to the USA! My wife, Sharlene, said she and the children were praying the parts would arrive on the 8th. I had my doubts and had already resigned myself to staying the extra few days. But the Lord honoured my family's prayers, and through an amazing set of connections, the package arrived Tuesday evening at 6pm. I was able to pick it up, clear customs (they "just happened" to be open late) and have the transmitter repaired and back to full power two hours later. Praise the Lord! Now with the transmitter fixed, the main generator back on line, and several other objectives met, I am sitting at the airport in Grenada waiting for my flight back to North Carolina. I am looking forward to being back with my family!

After school is out in May, my family and I will travel for a few weeks to give a first-hand report to our supporters before returning to Carriacou in late July, Lord willing. During our last two furloughs, the Lord wonderfully provided a motor home for us to use for our travels. That worked out so well that we are asking the Lord to do it again this time if it is His will. We are continuing to set up our itinerary so let us know when would be a good time to visit you!

Recently, as I was thinking about Philippians 2:5, the word "let" jumped out at me. It is a word that involves the will. It is a command. It implies that something or someone is pressing on a boundary, a boundary that I have been given a key to. God is pressing on the boundary of my mind - my affections, my attitude, the way I think. God is saying that what we need and what we must have is the same "mind-set" that Christ has. Do we agree with God or do we prefer our own way of thinking? Our natural heart is so deceptive and proud that we think our way of thinking is right – better than everyone else, even God's way, by how we act sometimes. But it is not really "our way." It is the universal way or mind-set described in Romans 8 as the mindset of the flesh. There are only two mindsets. The

**Once I was drifting,  
lost and in sin  
Once I was dying,  
darkness within  
Now I am living the  
way He planned  
Harboured in Jesus,  
kept by His hand**

### ***Our Listeners Write...***

from Trinidad.... Dear Brethren, we thank God for your Faithfulness in proclaiming the word of God through radio. We listen on the AM band (1400). Sometimes the signal is not clear, nevertheless all that we hear, the word and music, are refreshing and soothing to the body soul and spirit. We pray you will remain faithful and committed knowing that your labour is not in vain in the Lord. May God continue to keep you in his care and will.

from Barbados.... Dear Christian brothers and sisters of the Harbour light. Sincere Christian greetings in the wonderful name of Jesus our Lord and Savior who shed his blood for our Redemption. The good Lord has kept this Christian station on the air these many years and the message is always the same. Praise the Lord! I love the music and preaching. God bless the staff at Harbour Light, keep up the good work and may the Lord supply the needs to stay on the air.

from St. Vincent.... Beloved Brother C. Greetings in and through the worthy name of Jesus Christ our Risen Lord! It's always a pleasure to write and encourage you in the Lord. We have been blessed to have such a radio station available to us here in the Caribbean. There is always a word of encouragement and uplifting for the believers and the gospel for the ungodly, warning them of pending judgement. We do enjoy the programs offered by the Harbour Light of the Windwards. God has done a wonderful thing for us here when he

directed your dad to the Caribbean, and I believe that through that he has received many blessings from God our Father. May the Lord continue to bless, guide, keep and provide for the staff as well as meet the needs of the Harbour Light. To God be the Glory great things He has done!

from Trinidad.... Dear Harbour Light, all the praises goes to him for the faith, courage, strength, and great effort it takes to be obedient to the call to spread the word. Thank you for your ministry. It has been an answer to my search and to my prayer. 4 years ago, I came up on 1400AM on the dial. What a blessing to have the ministry as my friends in the Lord! During the week, I partake of spiritual food and I'm able to meditate on things above but most especially the station ministers to me on a Sunday. Living in rural Trinidad, transport problems and difficulty finding an obedient church make it difficult to assemble with other believers on a Sunday. Harbour light fills that void. All aspects of your ministry appeals but most especially the music. God's heart is surely at the centre of your ministry, both in the music and the spoken word. It cushions and comforts my spirit through all the trials and disappointments. As I travel and share tracks, I also share the ministry of the Harbour Light. Some people are very eager to know, others prefer the contemporary stuff. I pray that God would always provide for your work in Christ, both in finance and in human resource. And that there would be much joy in heaven as sinners hear the word, repent and come to know Christ as Savior. May the blessings of the Lord be to brother Randy and the entire team. Keep spreading the word!

mindset of the flesh and the mindset of the Spirit. Only the mindset of the Spirit pleases God. The mindset of the flesh (my own way of thinking) cannot even be taught to please God. In fact, it is hostile toward God, and it has got to go! That is what God is saying – commanding! God's way is what we must have if we are to live and have peace with Him! How do I get this mindset? It's not something I can do for myself. It is something He must do in me, and that is where the word “let” comes in. I've got to ask Him to do it, and I must let Him do it for me. And for Him to work that in me, It is imperative for me to spend time with Him, letting him talk to me by reading and meditating (thinking) on His Word. May God give us an urgent desire to have the mind of Christ for these fierce days as we watch for His soon return.

Thank you for your prayers and support to keep on...

Spreading the WORD,  
Randy Cornelius & Staff  
Phil. 4:8
